

STUDENT VEHICLE PARKING
REGISTRATION FORM

PERMIT # _____

NAME: _____

GRADE: _____

Registration, parking of vehicles & parking lot:

Students who drive an automobile or other vehicle on school grounds must purchase a parking permit. Seniors will have priority, followed by juniors and then sophomores. The permit shall be placed in the lower left hand corner of the drivers side windshield. No other location will be accepted. Student vehicles **will not** be permitted in the parking lot without a proper permit. If you must drive a vehicle other than the one you normally drive, you must go to the main front office to pick up a temporary parking pass with your vehicle information. Unregistered vehicles or vehicles not parked in the proper parking areas may result in one or more of the following: school detention, parking ticket or temporary loss of driving privileges. Other disciplinary actions may be taken by the administration. All students must park in designated student parking areas only. No student vehicles are allowed in teacher parking areas at any time.

Students should not be in the parking lot at any time after they arrive at school. Students who drive any type of vehicle are required to observe the traffic markings in the parking lots and around campus. Vehicles must be parked within parking spaces in accordance with the directional markings. Speed zones must be carefully observed on and around campus. Closed campus violations will result in a 2 week loss of driving privileges in addition to after school detention/ISI and loss of exemption for semester tests.
